... A MAN'S REACH SHOULD
EXCEED HIS GRASP,
OR WHAT'S A HEAVEN
FOR?

—BROWNING

Reach Out . . .

That's what is happening at ESM. Reaching, working, trying, striving, all for some kind of betterment. And as long as we're reaching, we'll always get better. It's when we stop reaching and changing that we fail. Stagnant is dead or dying. Changing is alive and improving.

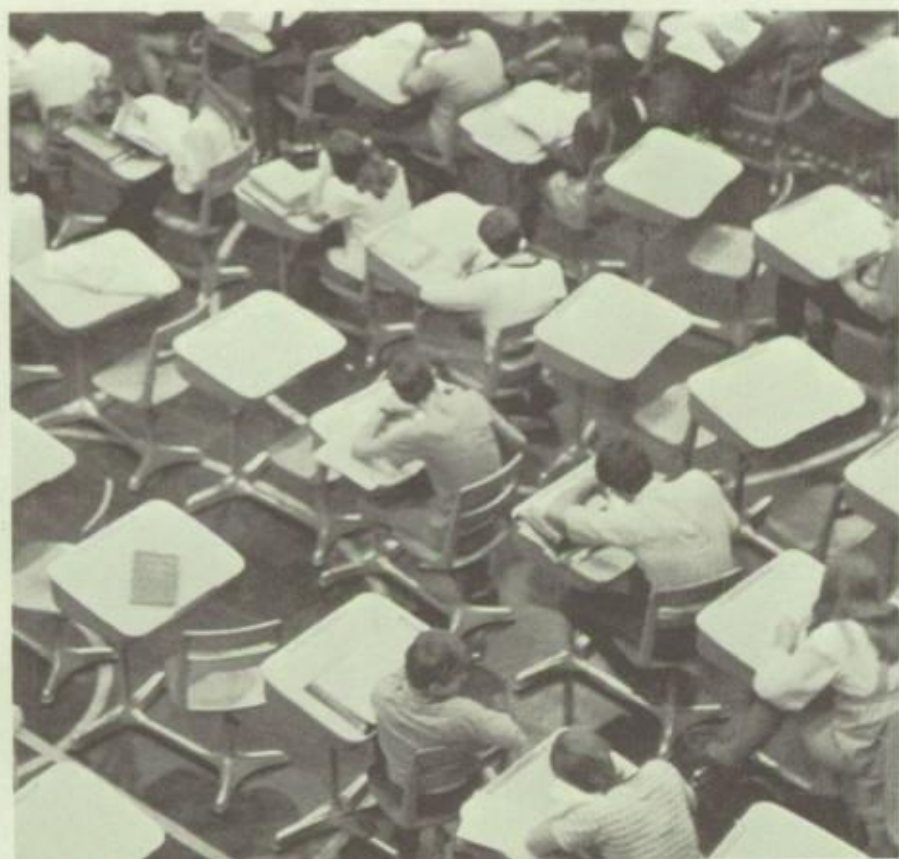

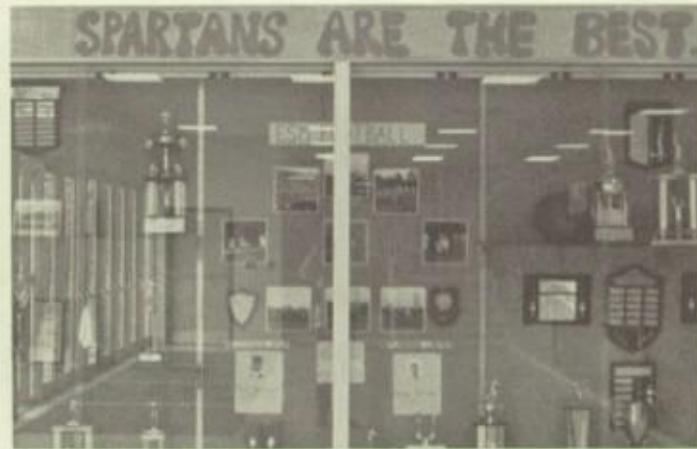

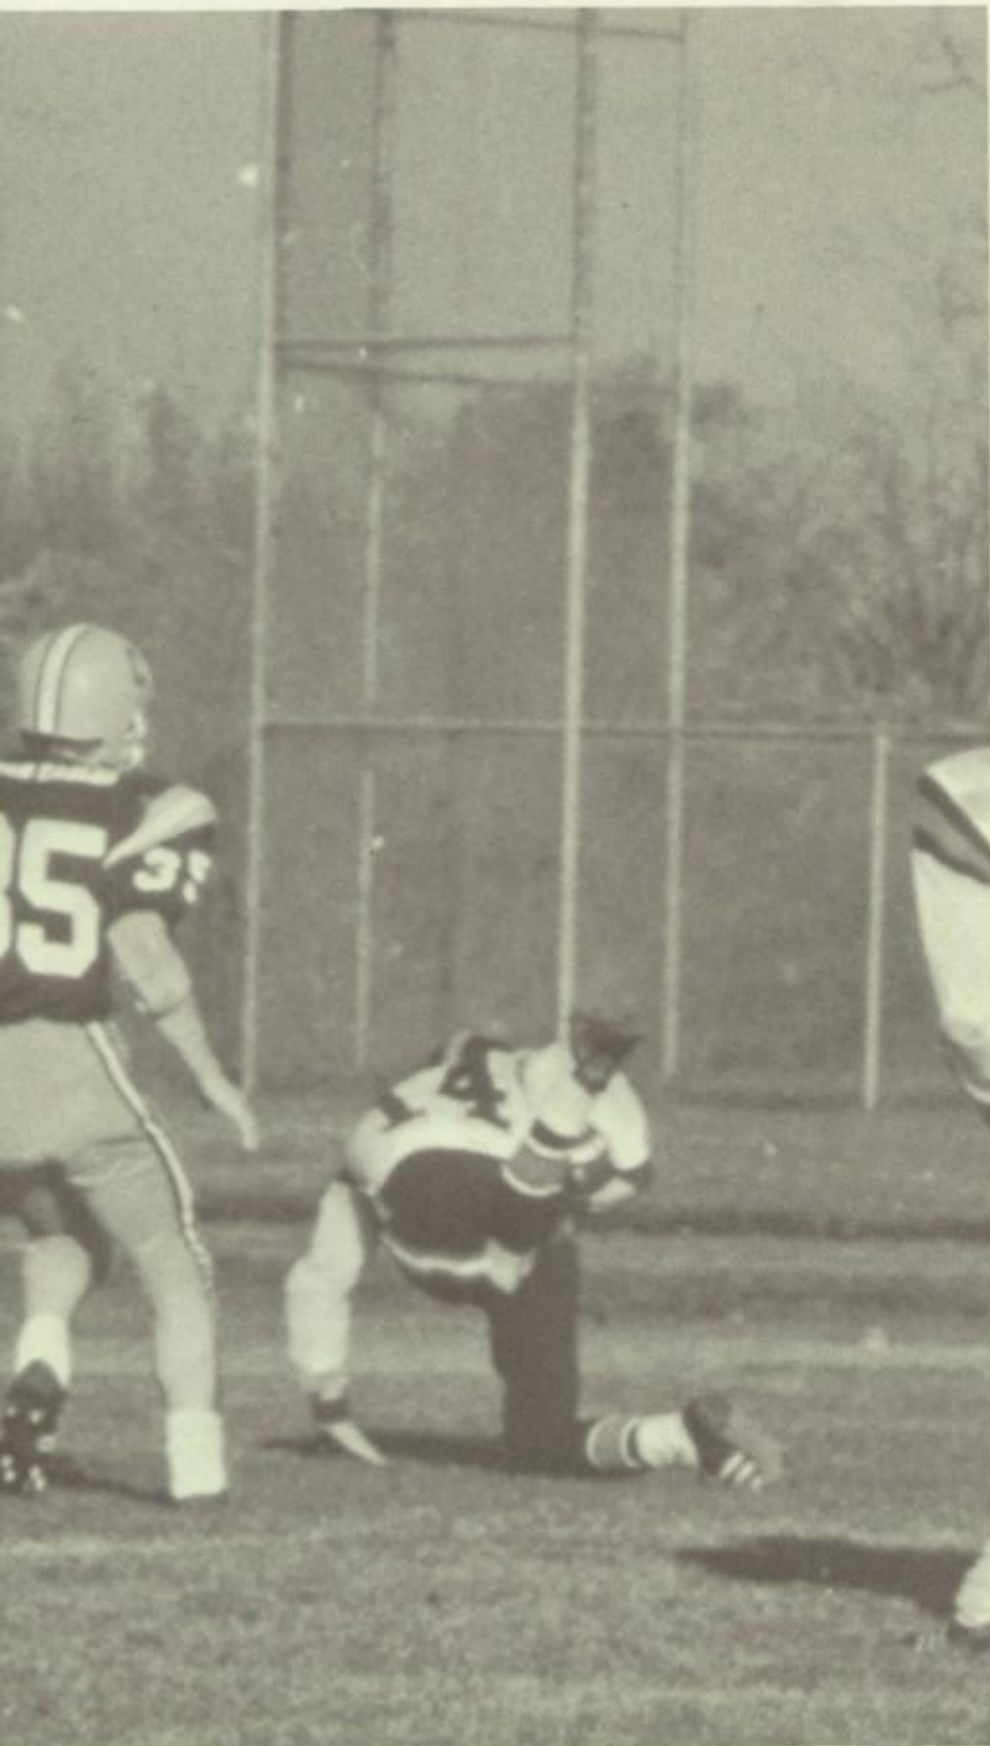

Roz,
 You're one of the
 greatest kids I know!
 There's nothing about you that
~~any~~ anyone could hate.
 Never change or else. Good
 Luck always but you'll have
 never need any. Have
 fun this summer. See ya
 Gerry. 1971

Change . . .

ESM has changed a lot since its centralization in 1965. With new students and new teachers every year, along with new and changing ideas, we are kept alive and improving. This is not to say that there are no traditions at ESM. Although it is a new school, it has developed a good base of tradition and there is still plenty of healthy change. The right proportion of change and tradition have created an atmosphere conducive to achievement.

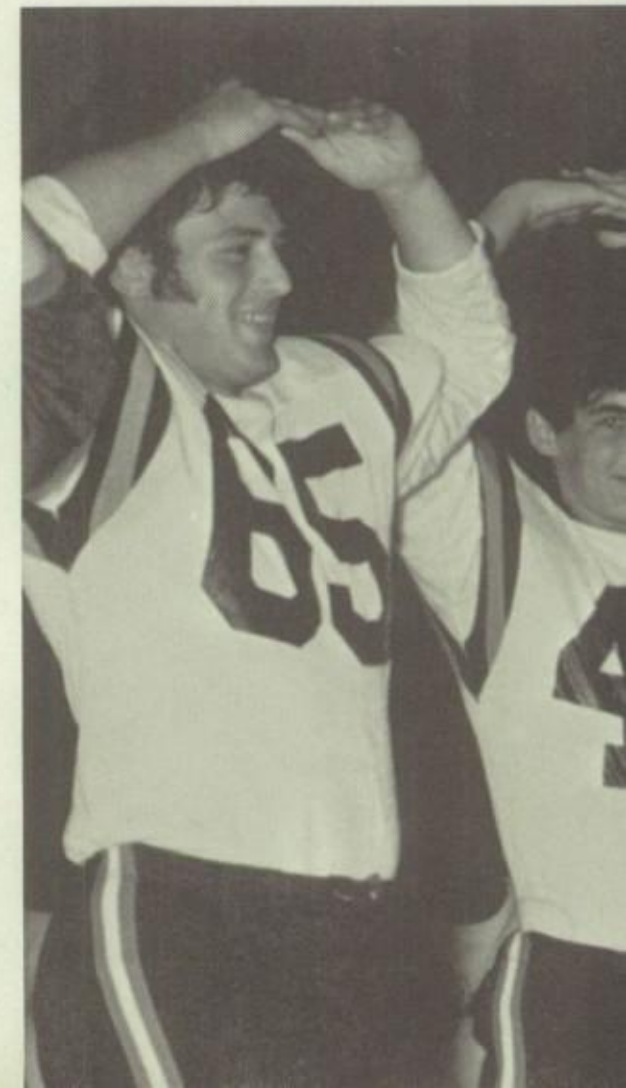

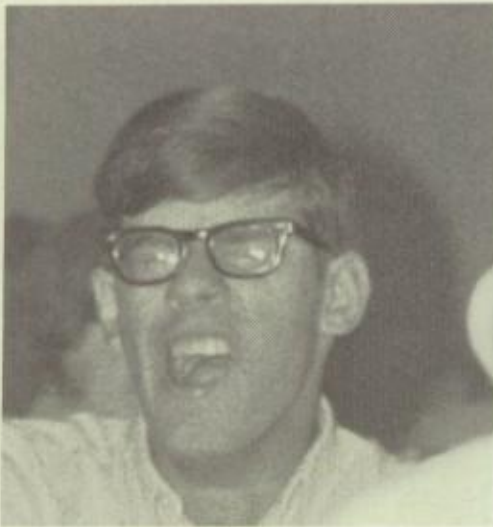

Achievement . . .

Achievement at ESM has come in many varied fields. Athletically and scholastically we have continued to achieve. We have seen our football team take a county championship, our representation in Honor Society increase to over one hundred and have begun to develop in varied artistic and musical fields. But most important, our school has improved and achieved spiritually. ESM has become a unified group of scholars, teachers, athletes, musicians, and artists, all with a sense of caring for their school. All of these different people have contributed to ESM's achievement by their talent and sense of caring.

People . . .

They're everything. And ESM has some of the best people working for it. They're all different but all special in their own way. Each one has given his contribution to make our school a success. Because of their involvement and interest, this school moves.

Boy, forget
never forget
the day you
did this to me
it was really
a lot of fun, just
like everything we
done this year,
you have really
made me happy
and
love
"moby" eyes

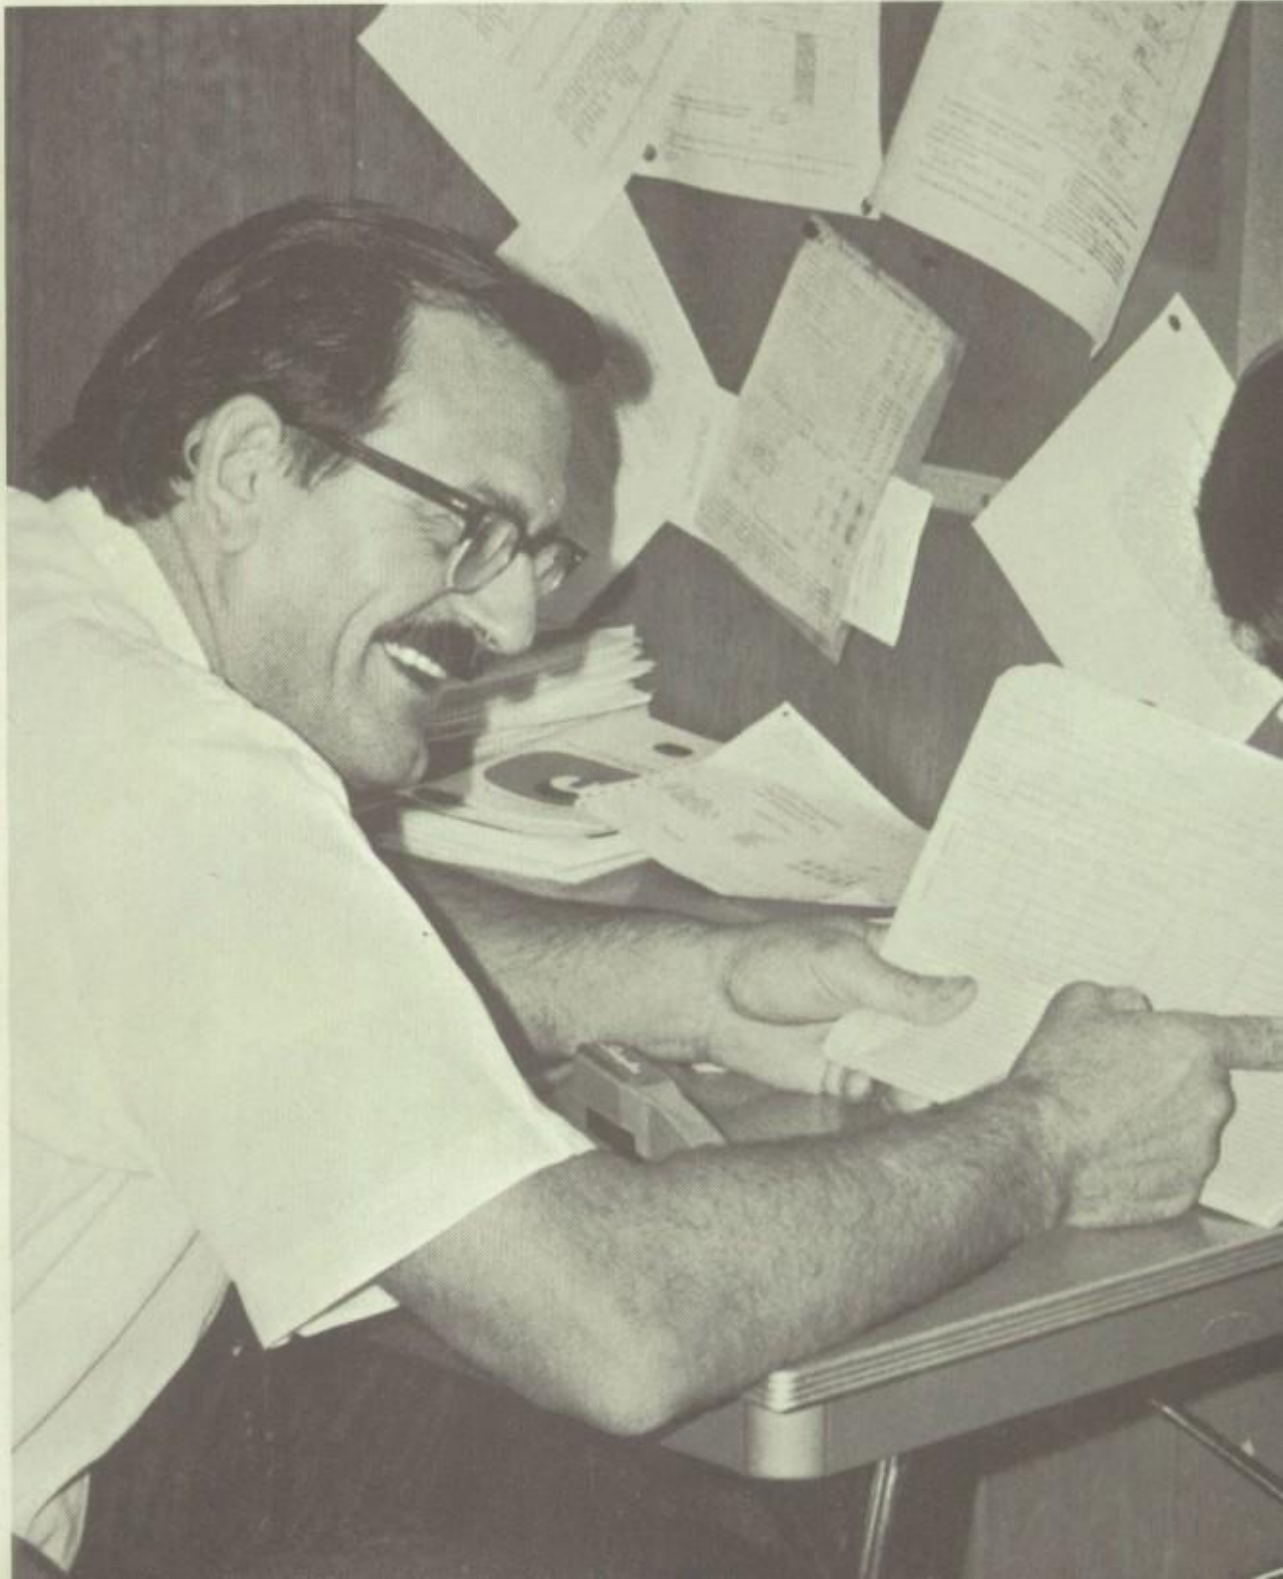

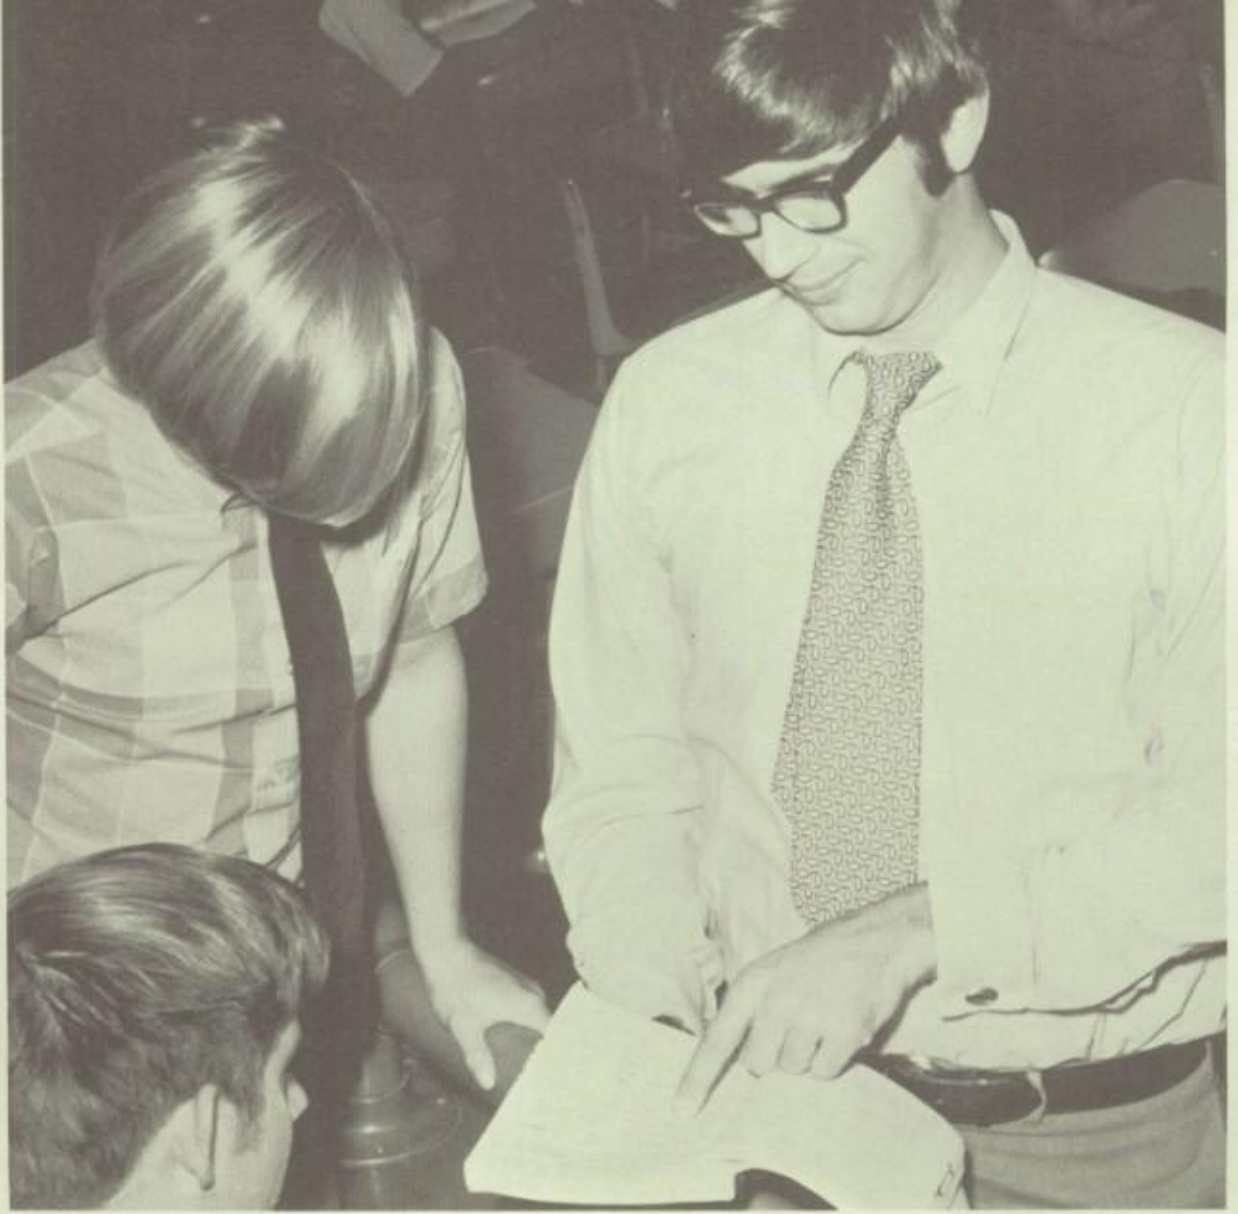

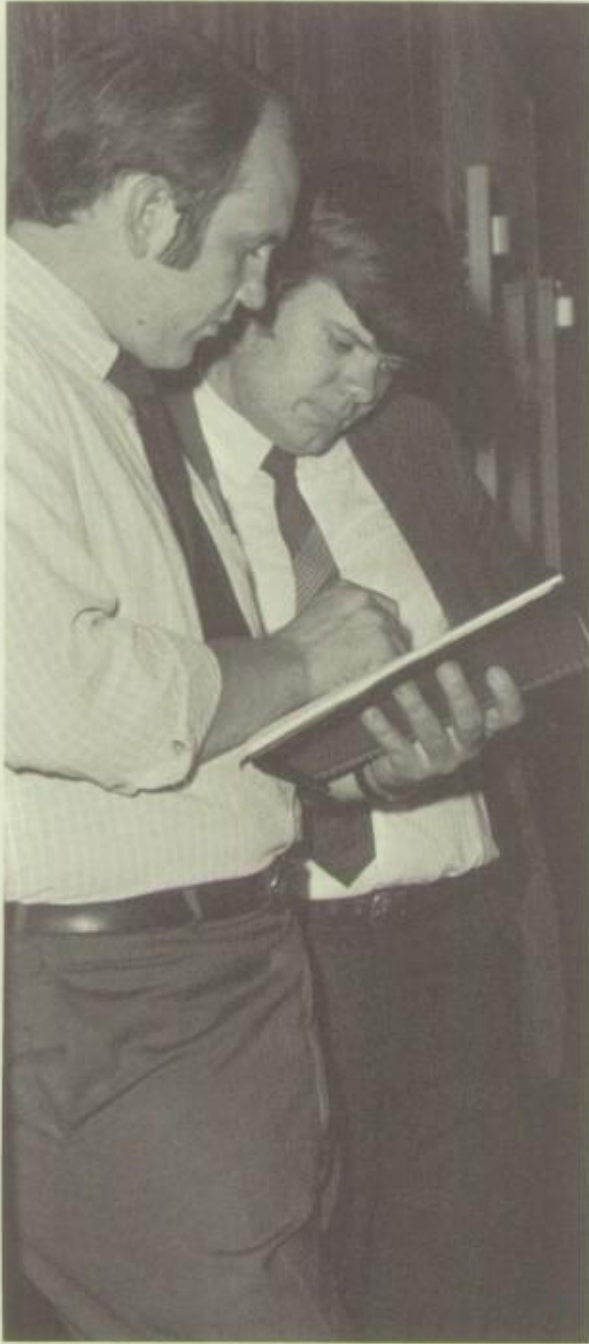

Involvement . . .

It is hard to go to any school and not become involved in at least one of its many aspects. At ESM we are not only involved within the school, but within the community, state, and country as well. Our school's influence does not stop after one leaves the doors; it extends into the outer world. We work with and in the community. Even national and international affairs extend in and out of our school. The involvement with people has helped to create an understanding and rapport between our school and the rest of the community.

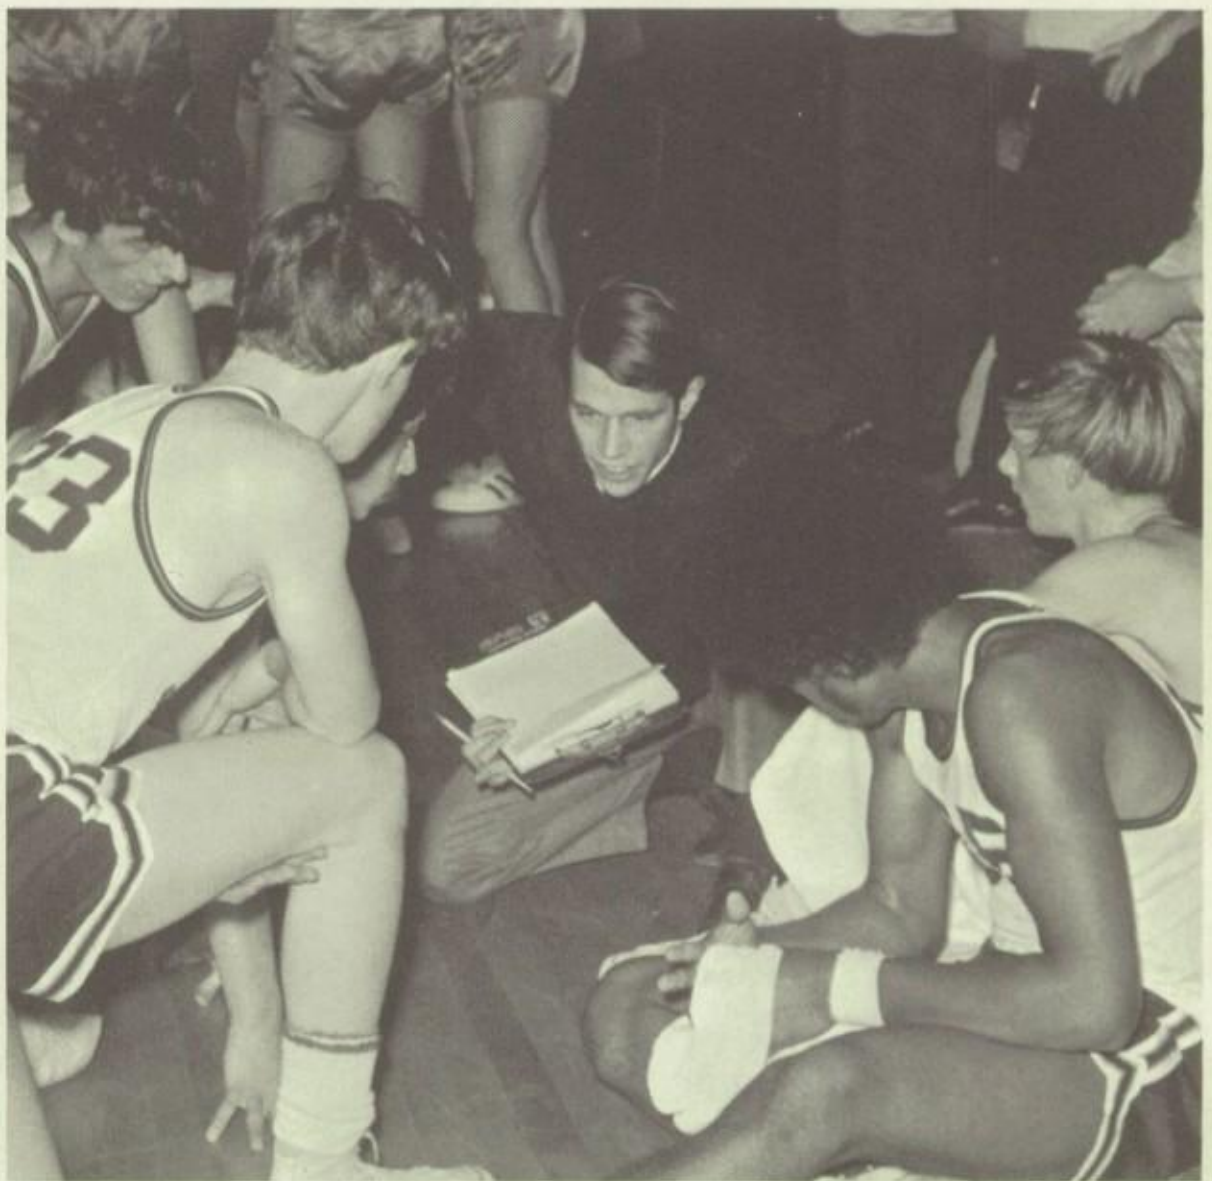

Understanding . . .

Lack of understanding is the greatest problem in the world today. At ESM an attempt at understanding each other and the rest of the world is made. Teachers and students seem to be able to communicate. We are taught to listen and try to understand, and then to voice our views and opinions knowledgeably. Our experiences at ESM with listening open-mindedly and trying to understand our fellow man will help us, and hopefully the world, as we step out of the school doors into the future . . . into tomorrow.

Boys, you're a fantastic and
cute little give. You're one
of the spunkiest cheerleaders
going. You're also a great
summer and a ball this
next year. Don't see you
theater spread it
around.

Tomorrow . . .

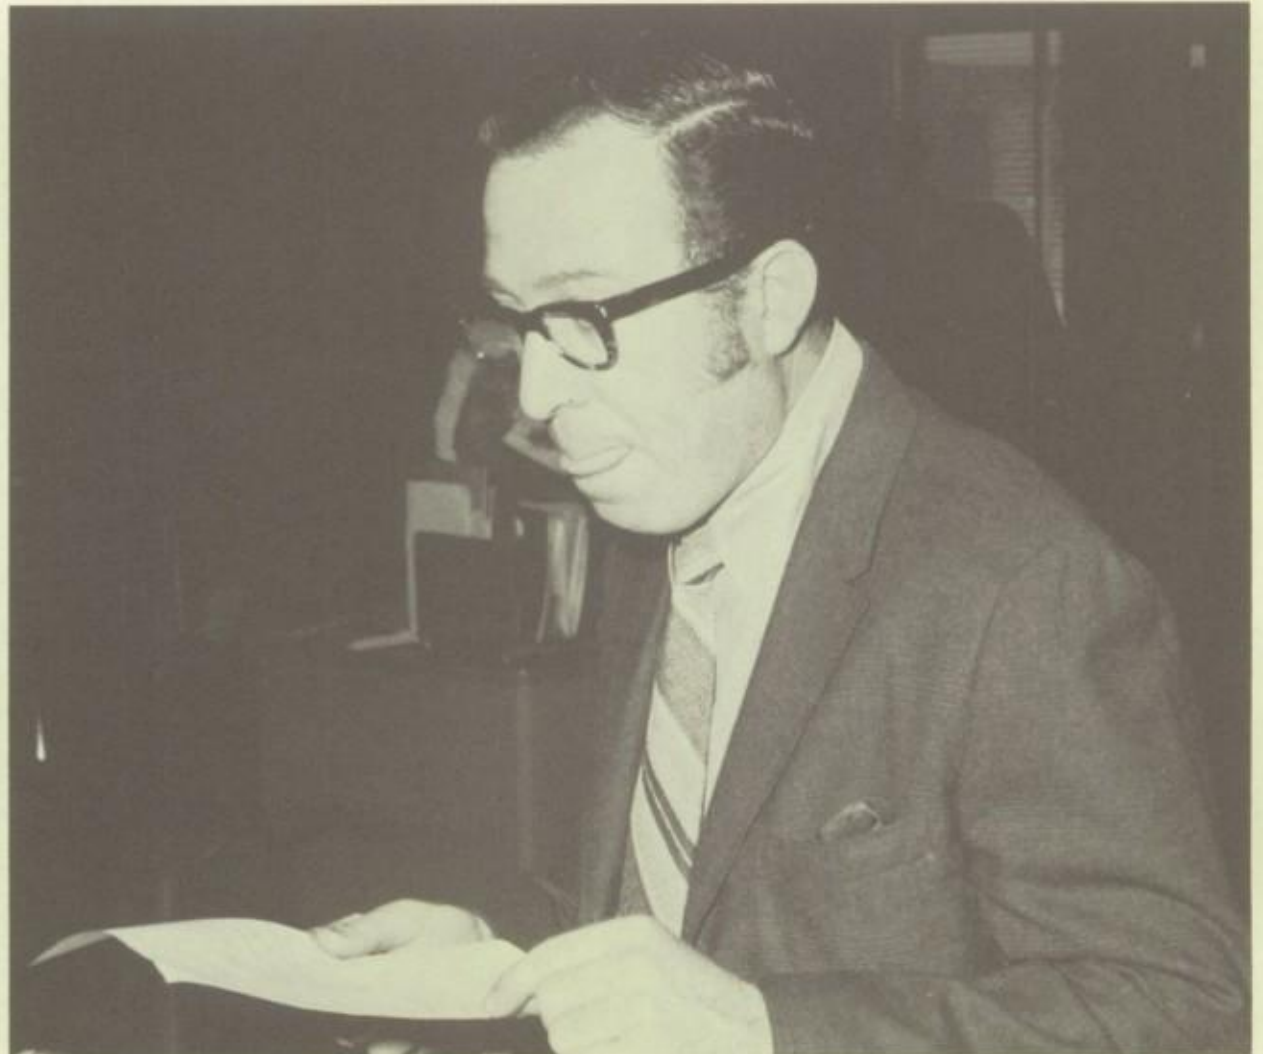

We learn not only for today,
but also for tomorrow.

We prepare ourselves for tomorrow's experiences,
its joys and disappointments.

We initiate friendships that last into the future,
and we develop artistic and musical talents
that guide us through other tomorrows.

The Class of 1971 dedicates this edition of Nostrae Memoriae to Mr. Gordon B. DiCaprio who has been our class adviser for the past three years. His hard work and interest has made our class one of the best this school has seen. As both a teacher and an adviser, he has remained completely involved and devoted to students and their interests. We have had little chance to show him our appreciation and admiration and hope that through this dedication we can express our sincerest thanks.

Central Administration . . .

Superintendent of Schools: Dr. Fritz Hess.

Assistant Superintendent of Schools: Arthur Hartmuller.

Administration . . .

Principal: John Vona

The world has many individuals with noteworthy goals who, for many reasons, have failed to achieve. Each or all of us, at one time or another has listened to their familiar lament. They express what they should have accomplished and what they intend to do in the future; but they continue to procrastinate in the present. Beware, that you do not fall into this category.

If you intend to perform at your very best, and if this is to become a realization, you must be resolute in your determination to achieve consistently when you leave this school. You should never be satisfied with minimal standards in any task you undertake.

With purpose and effort you will place yourself in a position to take full advantage of the many opportunities that will be available to those that have endeavored to prepare themselves for the future.

The very best of luck and success to the Graduates of 1971.

"A Time for Us" Creates a Romantic Theme

"A time for us,
Someday there'll be
When chains are torn by courage born
Of a love that's free.
A time when love
So long denied
Can flourish as we unveil
The love we now must hide."

Decorated in shades of pink, the cafeteria was the setting of a night which will be long remembered. Colored lights reflecting off the mirror ball suspended from the ceiling, cast a pink glow to the room. King, Dave Scott and Queen, Pam Zuber were crowned by Joann Casciano and Ed O'Donnell. Seated in the above picture are: Kerry Paice, Pat Bittel, Laurie Fitzgibbon, and Sue Rogers. Standing: Carl Johnson, John Pudney, Don Roller, and Tom Pirro.

besides gym next year.
Keep smiling Love
James

The 1971 Dionysian Players, under the competent tutorage of Mr. Leon Harr, have already proven themselves one of the truly talented high school performing arts groups in the area. In their first public appearance, "Up the Down Staircase", the group unveiled exceptional talent. Linda Hagerty's performance in the leading role was especially noteworthy along with many fine supporting actors and actresses. With the promise of more theatrical performances in the future, a more renowned existence is in store for this, as of yet, unheralded group of dedicated students.

What Is a Yearbook?

Now where to?

But Mr. German . . .

And what is a yearbook? Just as East Syracuse-Minoa is not just students and teachers, not just victorious athletic teams, talented musical groups—but the essence, vitality, the warmth, the intangible, living heart of all of these—so a yearbook is like a magic mirror, capturing, holding, and reflecting forever the vibrant force and personality which was our school year.

A yearbook is people—and people are laughter, tears, cheers, taunts, quick-silver dreams, cynicism which seeks solitude to cry, studies, goofing off. People—people growing up—but growing hurts!

And a yearbook is events—proms, music, dates and lack of dates. Football games won and celebrated, football games lost and tired senior players walking silently together for a last look at the lengthening shadows on a now-empty field, turning quickly away with unbidden tears.

A yearbook is life—a year of life—a year lived—a year now gone—and the promise of all the years that are to come.

Hurry up and take the picture Donny, before they start to comb their hair again.

Do you get the idea now, Gail? . . . Gail! . . . Gail!

Boy's Gymnastics

It has been said that a suitable amount of time must elapse before the present can judge the past. Four years of Varsity competition in gymnastics is hardly enough time, but looking over these few years, E.S.M. has had some fine gymnasts competing in this league.

Several years ago five boys were started in Park Hill Elementary School by Coach Ron Caso as the nucleus for the future E.S.M. gymnastics team. The two that remained have made themselves champions. Ronald Peers, Onondaga County's most valuable all-around gymnast, and George Wadowiec, E.S.M.'s number one side horse man, are all that remain. Without their dedication, our team would not be where it is today. These two boys have taken over 30 first place honors in Varsity competition. They have helped develop other boys on the team, and have been an inspiration to their coach and to team members alike. We all salute these two fine gymnasts, and many others, past and present, who have made and will continue to make gymnastics a fine competitive sport.

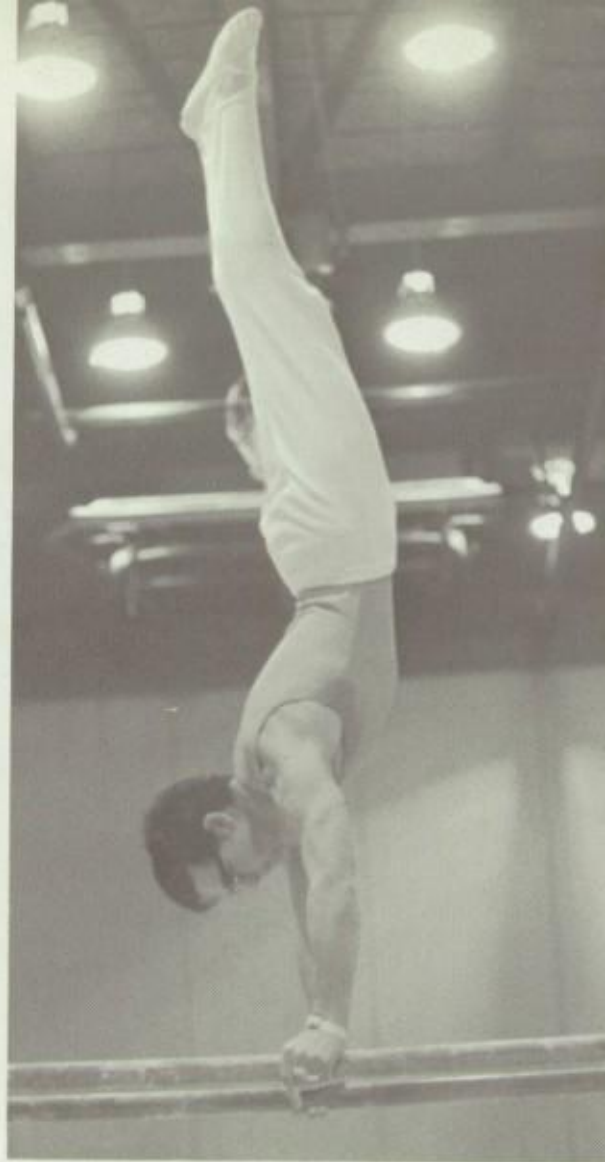

Strength is the name of the game . . .

Foreign Exchange Students

Three Spartan Seniors were able to go abroad during the summer of '70. Linda Cowen enjoyed a stay in Zurich, Switzerland. Phyllis Pease travelled to exciting Bogota, Colombia. The island of Martinique was the setting for Steven Parelli's exchange.

This year, ES-M was honored to have two foreign exchange students join us. Maria Soledad Valjalo came to us from Santiago, Chile, and Frantz Michel from Martinique. Maria, who is staying with the Cowen family, is seventeen and a senior at her school. She likes our school and students very much. Our basketball games thrill her. What's most different? People here eat so much hamburger. Frantz is visiting with the Parelli family. Frantz loves to skidoo and he thinks that all American girls are beautiful.

We certainly enjoyed having them with us. Their tales were exciting. We hope that Marisol and Frantz took back many warm memories of their cold winter at ES-M.

 **VARDEN**
YOUR OFFICIAL
YEARBOOK PHOTOGRAPHERS

My deepest gratitude goes out to those few people who stuck out the work to the end. We had a small but efficient staff. We now have an annual.

Mr. Cropper . . . our shoulder to cry on, ear to listen to complaints and anything else that happened to be going wrong that day. Sue . . . our artist and cover designer . . . nothing can express my appreciation . . . long work sessions . . . missing band practice . . . too many demands . . . but she always made the deadline. Donnie . . . our photographer . . . "We need pictures of this and this and this and this. Get film from Mr. Cropper and get them taken before lunch" . . . He had to put up with almost as much as I did. Bonnie and Judy . . . both hard workers . . . conscientious and always willing to lend a helping hand when we were short a few pages. Debbie and Del who literally did a smash thing in one week! Debbie who without realizing it, was my right hand man . . . patient and always there when I needed her. Gail and Linda . . . their section due the second deadline . . . both uncertain, but they plunged in and came up swimming. Does anybody in this school realize how difficult it is to find out the names of freshmen and even some sophomores you've never even seen before? Well, Debbie, Gretchen, Kerry and Sue found out . . . and with painstaking effort managed to get them. If your name is misspelled or completely wrong, please don't complain . . . nobody's perfect! Lori . . . understanding and a good worker . . . confused at times but as you can see, she came out fine. I'd also like to thank Mindy Costello who made this page possible.

Lastly, to all those who were tolerant even of my bad moods and shortness of temper and for their understanding of the word "deadline" . . . Thank you.

This then is the 1971 edition of Nostrae Memoriae . . . a valiant effort by a few for so many.
